

# HIGHLIGHTED PROJECTS

In this presentation, we have selected several projects for your acquaintance, which were carried out by our company in recent times.

Project Cargo and General Logistics Provider.  
Experts for Russia, CIS countries, Central Asia and Middle East.

# 160 TONS ON RAIL

Out of gauge cargo  
Petrochemical industry

From France to Siberia

Multimodal transportation of **heavy** and **out of gauge** heat exchanger for **petrochemical industry** in which last leg of transportation was executed by unique, **one of a kind railroad platform** in this region.

"QIAN KUN" vessel with 6500+ tons of various cargo.

# VYKSA Project

OOG Cargo

Two biggest out of gauge positions during an execution of project had dimensions 7,0 x 6,3 x 3,4 in meters and with gross weight of 78000 kg, each.

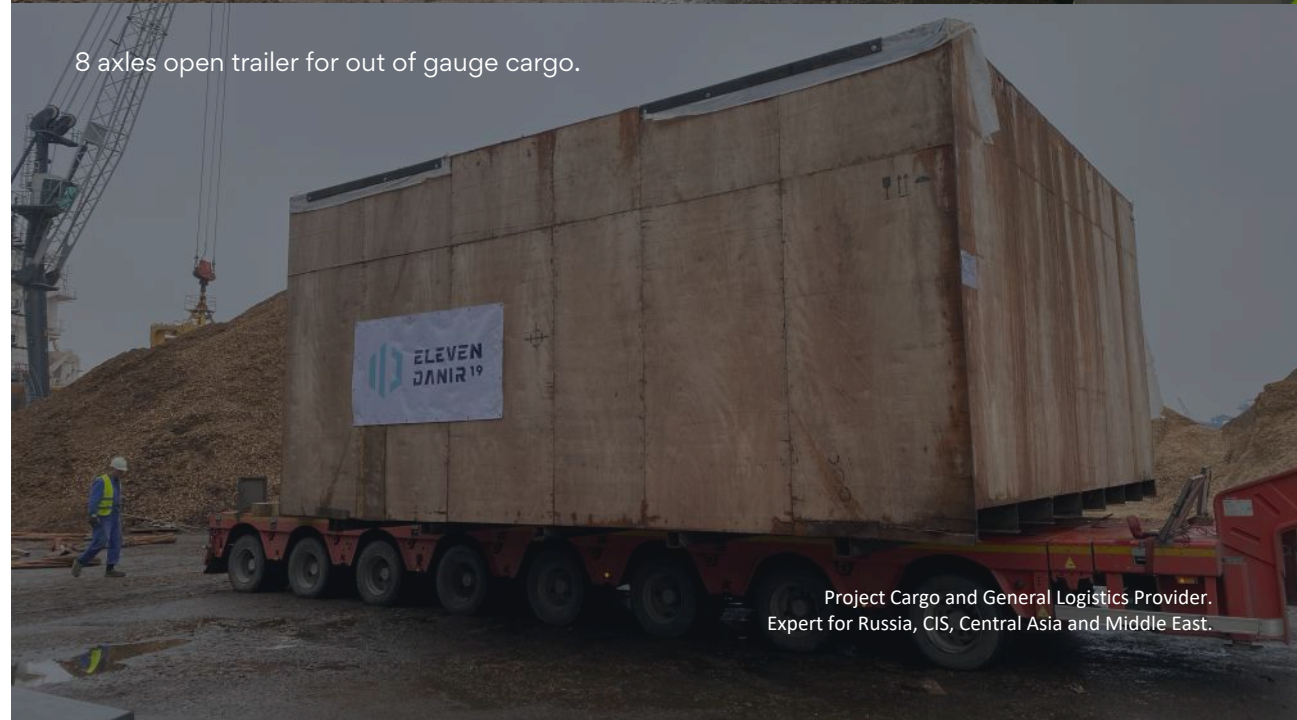

They were transported on 8 and 10-axles open trailers suitable for such type of cargo.

Transportations included road survey and arrangements of pilot and police escort in Latvia, Lithuania, Belorussia and Russia territory along entire route of the cargo to their destination.

7,0 x 6,3 x 3,4 (m).  
Gross weight: 78000 kg.

Survey inspection during loading.

8 axles open trailer for out of gauge cargo.

Expert for Russia, CIS, Central Asia and Middle East.

# AUTOCLAVES

OOG Cargo  
Oil & Gas industry

Multimodal transportation of several 40 meters long autoclaves, each with weight over 100 metric tons. For our partners in Oil & Gas industry. From Greece to Azerbaijan.

# AUTOCLAVES

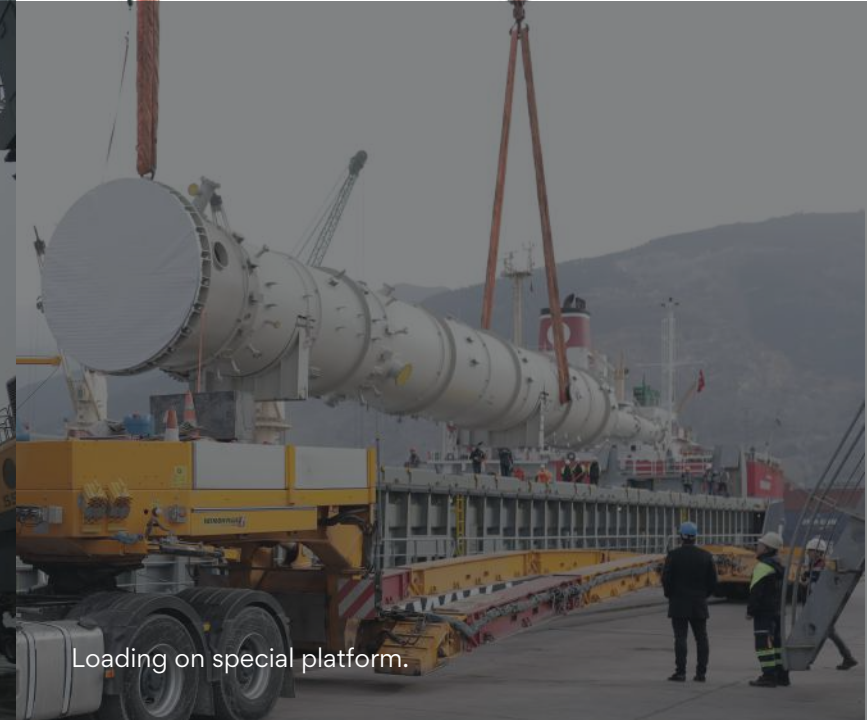

Multimodal transportation

Delivery of such a large and so heavy cargo is always a challenge. Moreover, for such long distances.

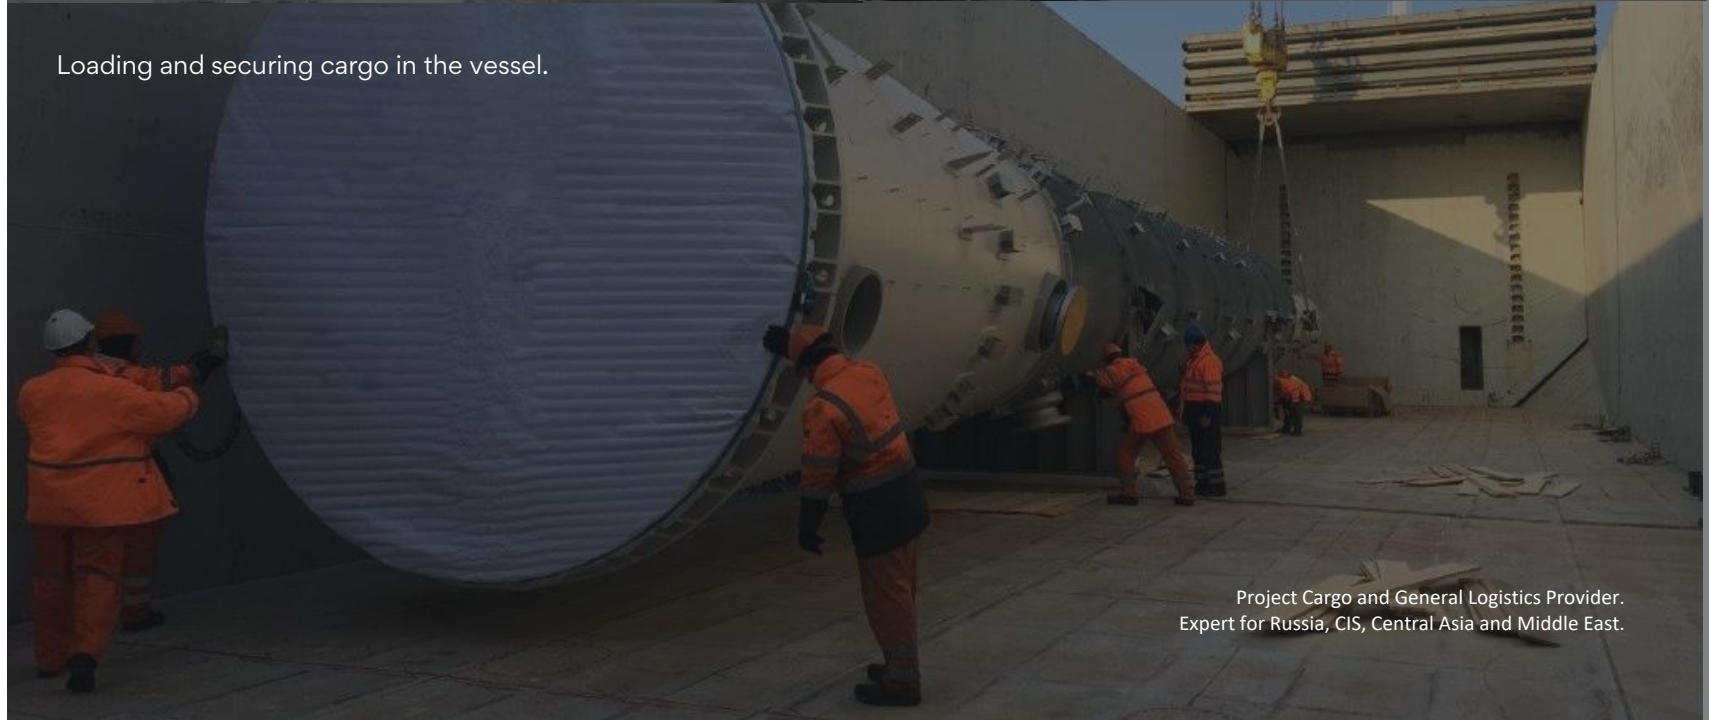

For smooth and safe movement of the trucks, the pilot vehicles with the survey representative followed with a cargo along the entire route, ensuring safety on road and for cargo.

Operations in port.

Loading on special platform.

Loading and securing cargo in the vessel.

# AUTOCLAVES

Route & Conditions

Moving on highway. Greece.

One of the many difficult turns along the route. Turkey.

Passage of the aqueduct.

Narrow mountain roads. Turkey.

Arrival of autoclave to port.

# LNK

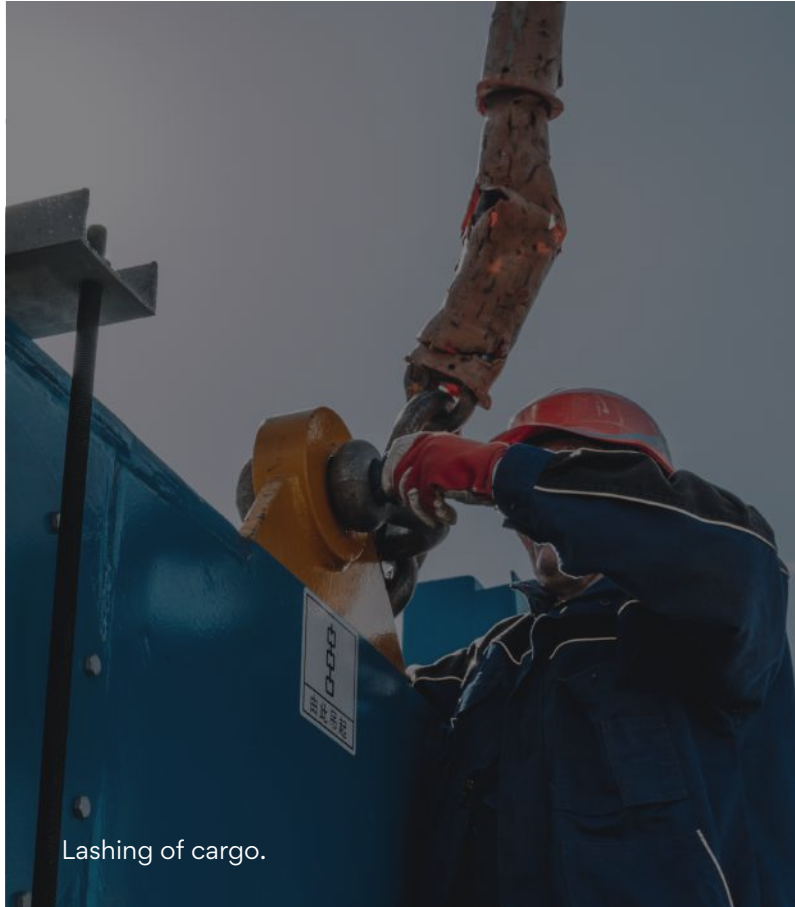

Project cargo  
Mining & Metals industry

Acceptance from the ship, sorting and delivery of project cargo for the mining industry. More than 520 positions with total weight of 1917 metric tons, including large out of gauge positions - almost 7 meters overwidth. Delivery by more than 150 trucks and with the assistance of pilots and the police escort for out of gauge pieces.

# LNK Project

Sorting, Storage and Survey

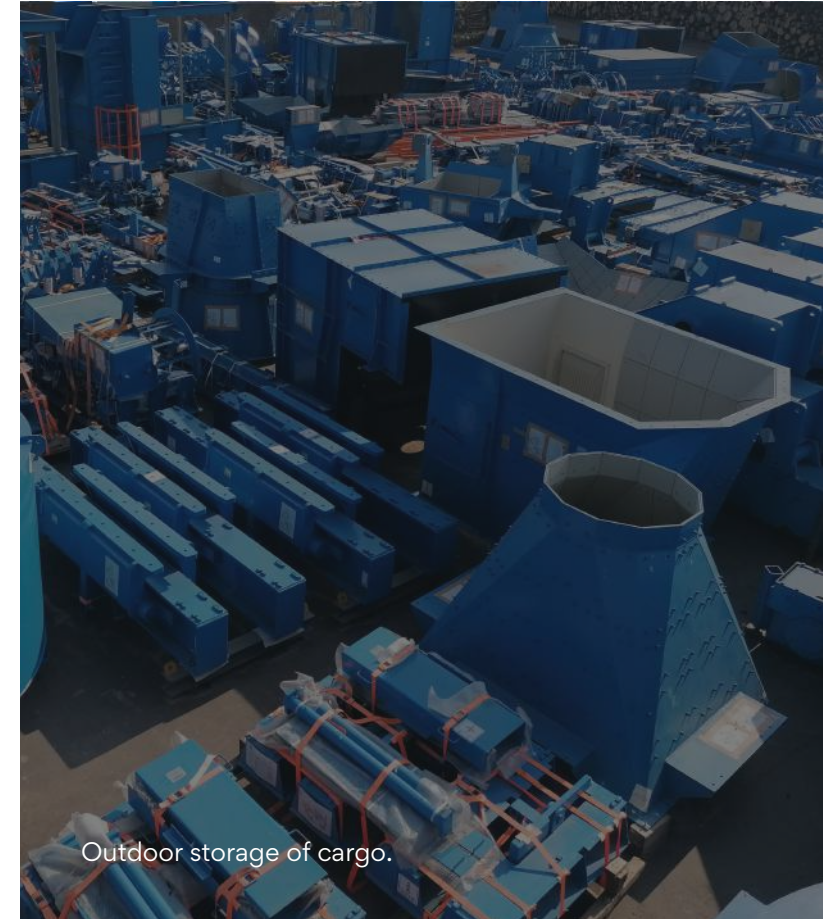

Lashing of cargo.

To organize the subsequent transportation procedures, our company sorted more than 520 items of various metal constructions in the port of Riga immediately after the cargo was unloaded from vessel. This allowed us to plan the loading of cargo onto vehicles in a short time and with the most optimal loading plan.

Sorting was carried out not only by the type and weight of the cargo, but also by the place of storage. The sensitive cargo was stored indoors.

All operations taking place in the port were carried out under the supervision of arranged independent survey. Monitoring safety and correct execution of all procedures.

Outdoor storage of cargo.

# FULLY LOADED IL-76

Project cargo  
Power & Energy industry

As part of a large project of hydro plant rehabilitation, our team successfully arranged multimodal transportation including the air charter flight of a fully loaded with 43400 kg (80 cbm) of equipment aircraft IL-76 from China to Kyrgyzstan.

# CRANE ON RAIL

OOG & Heavy cargo  
Heavy Machinery industry

Multimodal transportation from Italy to Kazakhstan.

- One out of gauge and heavy crane.
- Multimodal: Road / Sea / Road / Rail
- Dimensions: 13,95 x 3,30 x 3,95 (m).
- Gross weight: 59 metric tons.

# CRANES BY ROAD

OOG & Heavy cargo  
Heavy Machinery industry

Multimodal transportation from Italy to Kazakhstan.

- Two out of gauge and heavy cranes.
- Multimodal: Road / Sea / Road
- Dimensions: 1395 x 3,30 x 3,95 (m), each.
- Gross weight: 59 metric tons.

# HELICOPTER

OOG Cargo  
Aerospace industry

## From Kazakhstan to Belgium

Multimodal transportation without reloading operations of a 15-seat helicopter suitable for various roles - including corporate transport, and medical services.

13.5 x 3.75 x 3.80 (m).  
Gross weight: 5871 (kg).
